

KG5

Hi-Temp Grill Cleaner

A powerful high-temperature grill cleaner formulated to remove baked-on carbon and grease without cooling the grill.

Eliminates grill downtime - no need to let the grill cool.

Cost effective, convenient to use graduated container packaging.

- Very fast flat-top grill cleaner that strips grease build up in just 60 seconds.
- For quick use during operation.
- Cleans grills at 360°F.
- NSF-certified for use as a degreaser or carbon remover for food cooking or smoking equipment, utensils or other associated surfaces in and around food processing environments.

HOW TO USE

FOR DAILY CLEANING OF QSR GRILLS

For quick cleaning of grills & hot plates during operation at 360°F, apply 100ml neat KG5 onto the grill.

Using high temperature cleaning tool and pad, spread KG5 over grill surface and agitate the carbonised soils for 60 seconds.

Using a grill pad, gently scrub all areas until soils loosen and liquefy. Squeegee product soils into the grill tray.

Follow with a potable water rinse using a clean, high-temperature cloth soaked in potable water to wipe off product and loosened soils from the grill. Continue until all product residue and soils are thoroughly removed.

Discard soiled cloth/towel into the dedicated bucket/pail for soiled cloths.

NOTE: Flat-top grill must be hot when cleaning. Always wear protective equipment. Applying cold water or large amounts of water can severely damage the grill.

PACKAGING PACK

6 x 900ml

PRODUCT CODE

661175B

PALLET SIZE

63 x 6 x 900ml

TYPICAL PRODUCT DATA

Appearance:

Clear yellow liquid

Odour:

Characteristic

pH - undiluted:

12.0

Shelf Life Unopened:

3 yrs

COMPOSITION

Contains a blend of surfactant, glycerine, potassium carbonate, and dye.

STORAGE

Store in original sealed container and protect from extremes of temperature.

BIODEGRADABILITY

All surfactants used in RCI manufactured products comply with European Regulations concerning biodegradability and protection of the environment.

APPROVALS & CERTIFICATIONS

Complies to SASO Standard 2618 / GSO 1948 for General Purpose Cleaning Liquids.

Halal-certified

Registered with Dubai Municipality Consumer Products Safety Section.

NSF International certified product

SAUDI MADE certified product

QUALITY ASSURANCE
