

KG6

Fryer Cleaner

Abrasive powder/fine granules for quick removal of hard, carbonised soils in Stainless Steel Fryers during oil filtering procedure.

Convenient, easy to use in a ready-to-use shaker type packaging.

Complies to SASO Standard 2618 / GSO 1948.

- Used for daily cleaning and regular boil-out cleaning process.
- Used for daily fryer cleaning maintenance.
- Does not contain toxic mineral elements as defined in GSO 1946.

HOW TO USE

Follow the fryer manufacturer's (e.g. Taylor & Garland) recommended procedure for daily cleaning. During filtering oil, sprinkle KG6 Fryer Cleaner powder onto High Temperature cleaning pad. Scrub interior surfaces of fryer to remove carbonised grease soiling. Follow filtration.

NOTE: Always wear the required personal protective equipment during the cleaning operation this includes heat-resistant apron, face shield and neo-prene gloves.
